

# Explore Sifnos island with an e-Bike

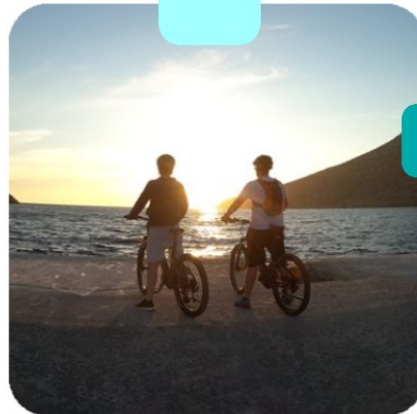

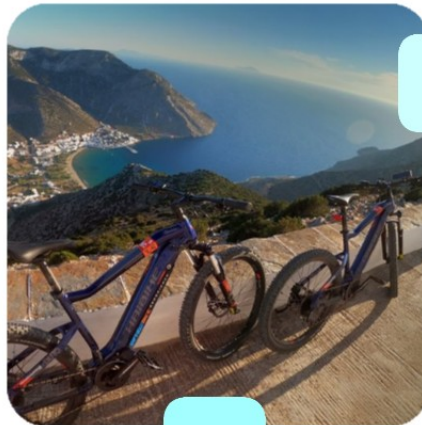

## E-Bike rental & Guided Tours

Can you imagine a better way to explore Sifnos island, than with an e-Bike?

Riding through the stone paved villages, surrounded by windmills and hundreds of churches,

Cycling towards the sandy beaches to swim, and eat at the seaside taverns,

Or following the off road trails through the olive trees, smelling the fragrances of lavender, basil & thyme, to discover the countless small isolated chapels of the island.
